

### **WTJU Leadership Team – August 27, 2015 minutes**

The Leadership Team began with general discussion of department reports and the General Manager's latest report.

The Leadership Team discussed details of the upcoming Fall pledge drive (scheduled for Oct 1-11), including what's needed from department directors in terms of prep and what we all need to do to come together as a whole station for this fundraiser.

The group also continued discussing some proposed changes to the program schedule. There was broad agreement on the major points: extending afternoon folk programming until 7pm on (most) weekdays, beginning morning jazz programming at 9am instead of 10am, and dissolving Soundboard as a stand-alone show but developing short interview excerpts to air throughout the schedule. One or two sticking points remain. No formal action was taken.
